Good afternoon, dear artists. We invite you to take part in a project in support of Ukraine. We need paintings about Ukraine, about the war in Ukraine or just a free work on a free topic from artists who like Ukraine. At least one work will be published in the catalog, it will also be printed and presented at an international exhibition, which already features artists from 15 countries. The series of exhibitions will be aimed at a charity event in support of children affected by the war. Thank you. It is not necessary to send the original work, only a high-quality image, which we will take both to the catalog and print out to participate in the exhibition. We will provide all the information about your participation in the process of exhibitions and presentations.

Terms of participation.
